# CATALYST CENTER STARTER PACKAGE

The demand for secure, reliable networks is growing with the increased dispersion of campus networks and with the deployment of IT teams to various locations. With the Catalyst Center Starter Pack, NTS customers receive specialized support for the efficient utilization for the full potential of the new Cisco Catalyst Center.

The **Catalyst Center von Cisco** is a powerful solution that has been specifically developed to simplify the complexity of today's networks. It offers a central point of contact for guideline and segmentation management, for the allocation of network services as well as for the monitoring and the optimization of network performance.

Through its intuitive user interface and the integration of advanced AI-powered analytics, the Catalyst Center enables proactive decision-making to efficiently manage network resources and thereby enhance security.

## YOUR ADVANTAGES AT A GLANCE

- Time saving during the onboarding phase
- Knowledge transfer by certified NTS engineers
- Full utilization of potential usages
- Access to the NTS best practice templates

## CENTRAL NETWORK MANAGEMENT

Enables an efficient control and monitoring of the network infrastructure from a central platform.

## NETWORK AUTOMATION

Automating routine tasks and thus increasing the efficiency and the consistency of the network operation.

## INTELLIGENT ANALYSES

Uses sophisticated analyses of productivity and security to ensure network performance and integrity.

## ADVANCED SECURITY

Provides comprehensive security mechanisms for the network environment protection against diverse threats.

## FLEXIBLE INTEGRATION

Supports the integration with a wide number of technologies and enables an upgradeable network architecture.

**RELAX,  
WE CARE**

Have we attracted your attention? We offer you tailor-made solutions and individual support. We are always here for your questions. Thus, you can continue to focus on your core business, while we develop future-oriented solutions for you.

# CATALYST CENTER STARTER PACKAGE

## CISCO CATALYST CENTER – AND NOW WHAT?

The Catalyst Starter Pack by NTS provides a comprehensive solution for NTS customers that aim for a fast and efficient implementation of their new Catalyst Center.

This service package aims to simplify the entry into the network management and to ensure that the network infrastructure is optimally configured from the beginning.

Additionally, the Catalyst Center offers a comprehensive scope of functions and tools for automatization activities and monitoring. Based on the demands and requirements of the businesses, solutions are implemented jointly.

Thus, customers can take full advantage of the potential of their network resources and can therefore lay a solid foundation for future expansions and adaptations.

|                                     | WITH<br>NTS CATALYST CENTER STARTER PACKAGE                          | WITHOUT<br>NTS CATALYST CENTER STARTER PACKAGE                     |
|-------------------------------------|--|--|
| <b>BENEFIT</b>                      | Targeted usage of automatization potentials                          | Opportunities are wasted   |
| <b>INTEGRATION</b>                  | Supervising the integration in the existing product environment      | Individual responsibility  |
| <b>CUSTOMIZING</b>                  | Perfect functionality by customized usage of the functionality scope | Time-consuming dealing with the functional scope                   |
| <b>DOCUMENTATION &amp; TRAINING</b> | Fast wrap-up by NTS and necessary documentation reduced to a minimum | By self-study based on available documentation of the manufacturer |
| <b>TIME-TO-VALUE</b>                | ~ 10 hours   | > 5 days   |
